Continuous Quote Relief Form

MIAX Options Exchange
MIAX Pearl Options Exchange
MIAX Emerald Options Exchange

miax™

If a technical failure or limitation of a system of the Exchange prevents a Market Maker from maintaining, or prevents a Market Maker from communicating to the Exchange, timely and accurate electronic quotes in a class, the duration of such failure shall not be considered in determining whether the Market Maker has satisfied the quoting standard with respect to that option class. The Exchange may consider other exceptions to this continuous electronic quote obligation based on demonstrated legal or regulatory requirements or other mitigating circumstances.

Market Makers seeking relief from the continuous quoting standard must provide the following information to the Regulatory Division at Regulatory@miaxglobal.com as soon as practical during the current trading session.
