Initial Margin. Accounts with a heightened risk profile will be charged an initial margin rate of 110% of the maintenance margin rate for each product.

Margins on Options. Under the provisions of Rule 760.00, the Board, or its designee, hereby establishes that minimum margins for option transactions will be determined by the Standard Portfolio of Analysis of Risk® (SPAN®)*** margin calculations.

The MIAX Futures margin setting methodology is risk based, taking into consideration unusual but plausible market movements. Margins are measured daily and subject to change at any time based upon additional and changing data, information and market conditions.

*** SPAN® is a registered trademark of the Chicago Mercantile Exchange. The Chicago Mercantile Exchange assumes no liability in connection with the use of SPAN® by any person or entity.

Acceptable Collateral. In accordance with Regulation 2106.00., MIAX Futures currently only accepts collateral in the form of cash (USD) and short-term (12 months or less) U.S. Treasury Bills. A 1% haircut is applied to all Treasury Bills.
