All extended width requirements will remain in effect through Wednesday, December 31, 2025, unless withdrawn by the Exchange before that time.

These quote width requirements apply to both Standard and priority quotes as defined in MIAX Options and MIAX Emerald Rule 517(a)(1) and MIAX Options and MIAX Emerald Rule 517(b)(1)(i), respectively.

Additionally, as provided for under MIAX Options and MIAX Emerald Rule 519(a)(2)(ii), the Exchange has established a difference other than the bid/ask differential for the MIAX Order Monitor setting and the MIAX Emerald Order Monitor setting as described in MIAX Options and MIAX Emerald Rule 519(a)(2)(i), regarding symbols with extended quote width.

The maximum priority quote widths for Long-Term Options have an opening multiplier of two times (2X) and an intra-day multiplier of one time (1X).

For these options, the bid/ask differential may be as wide as the quotation on the primary market of the underlying security.
