### **Background Information on the Fund**

The Fund seeks to achieve its investment objective by taking long and short positions in one or more exchange-traded funds (“ETFs”) that seek to track the performance of the S&P 500® Index (each an “S&P 500®-related ETF” or an “Underlying ETF”). The S&P 500® Index (the “S&P 500 Index”) is a widely recognized benchmark of U.S. stock market performance that is composed primarily of large-capitalization U.S. issuers.

HTAA, LLC (the “Sub-Adviser”) utilizes various proprietary, analytical investment models that examine current and historical market data to attempt to predict the performance of the S&P 500 Index. The

models deliver investment signals that the Sub-Adviser uses to make investment decisions for the Fund. Depending on the discretion of the Sub-Adviser and the investment signals delivered by the models, the Sub-Adviser may take certain long or short positions in one or more S&P 500-related ETFs and S&P 500-related futures. When the Fund takes long positions, it may maintain long exposure of up to 200% of its net assets; exposure to short positions is limited to no more than 100% of its net assets. The Sub-Adviser may adjust the Fund's long and short positions when necessary to take into account new market conditions as well as data from the models. Positions may be adjusted at the Sub-Adviser's discretion as model predictions and market opportunities fluctuate.

In seeking to achieve its investment objective, the Fund may engage in short sales of S&P 500-related ETFs. The Fund may also invest up to 10% of its total assets in leveraged or inverse ETFs that seek to deliver multiples (long), or the inverse (short), of the performance of the S&P 500 Index, respectively. However, in seeking its investment objective, the Fund does not seek performance that is a specific multiple or inverse, or inverse multiple of the S&P 500 Index. The Fund may invest in leveraged or inverse ETFs on a daily basis or longer consistent with the Sub-Adviser's views on prevailing and anticipated market conditions.

The Fund will enter into futures contracts, in conjunction with investing in shares of an S&P 500-related ETF, to seek the desired long or short exposure to the S&P 500 Index. However, the Fund does not use futures as the sole or a primary means of pursuing its investment strategy. Instead, the Fund trades futures when the Sub-Adviser determines that doing so may provide an efficient means of seeking exposure to the S&P 500 Index that is complementary to its investment in shares of an S&P 500-related ETF. The Fund therefore is not intended to provide investors with a means of accessing a trading strategy that is principally focused on accessing the market for S&P 500 Index futures.

During periods when the Fund's assets (or portion thereof) are not fully invested in one or more S&P 500-related ETFs or otherwise exposed to the S&P 500 Index, all or a portion of the Fund may be invested in cash instruments, which for this purpose include U.S. Treasury obligations; cash and cash equivalents including commercial paper, certificates of deposit and bankers' acceptances; repurchase agreements; shares of money market mutual funds; and high-quality, short-term debt instruments including, in addition to U.S. Treasury obligations, other U.S. government securities (collectively, "Cash Instruments"). Additionally, to respond to certain adverse market, economic, political or other conditions, the Fund may invest 100% of its assets, without limitation, in Cash Instruments. The Fund may be invested in this manner for extended periods, depending on the Sub-Adviser's assessment of market conditions. During this time, the Fund may not be able to meet its investment objective. To the extent that the Fund invests in Underlying ETFs or money market mutual funds, the Fund would bear its pro rata portion of each such money market fund's advisory fees and operational expenses.

The Fund's investment adviser, Exchange Traded Concepts, LLC (the "Adviser"), has claimed, on behalf of the Fund, an exclusion from the definition of the term "commodity pool operator" under the Commodity Exchange Act. As a result, neither the Adviser nor the Sub-Adviser is required to be registered as a commodity pool operator or commodity trading advisor with the Commodity Futures Trading Commission (the "CFTC") with respect to the Fund. The exclusion on which the Fund relies requires the Fund to limit its exposure to futures and other CFTC-regulated derivatives (such as swaps that reference broad-based securities indexes) to certain de minimis levels measured as a percentage of the Fund's liquidation value. The Sub-Adviser intends to manage the Fund's investments in S&P 500 futures and S&P 500-related ETFs that trade CFTC-regulated derivatives in accordance with those levels at all times.

The Fund issues or redeems shares to certain institutional investors (typically market makers or other broker-dealers) only in large blocks of at least 25,000 shares known as “Creation Units.” Creation Unit transactions are typically conducted in exchange for the deposit or delivery of a portfolio of securities closely approximating the holdings of the Fund and/or a specified amount of cash, together totaling the NAV of the Creation Unit(s).

### **Principal Risks**

Interested persons are referred to the discussion in the prospectus for the Fund of the principal risks of an investment in the Fund. These include tracking error risk (factors causing a Fund’s performance to not match the performance of its underlying index), market trading risk (for example, trading halts, trading above or below net asset value), investment style risk, sector risk, investment approach risk, non-diversification risk, issuer-specific risk, management risk, concentration risk, equity securities risk, sector risk and passive investment risk.

Prospectuses may be obtained through the Fund's website. In the event that the Fund relies upon an order by the SEC exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the Investment Company Act of 1940 and in the future make available a written product description, MIAX PEARL Rules requires that MIAX PEARL Equity Members provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Issuer of the Fund, no later than the time a confirmation of the first transaction in the Shares is delivered to such purchaser. It is recommended that you obtain and review such circular before purchasing [the UTP Exchange Traded Products]."

A MIAX PEARL Equity Member carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to MIAX PEARL Equity Member under this rule.

Upon request of a customer, MIAX PEARL Members also shall provide a copy of the Prospectus.

### **Suitability**

Trading in the securities on the Exchange will be subject to the provisions of MIAX PEARL Rule 2107 and other applicable suitability rules. Equity Members recommending transactions in the securities to customers should make a determination that the recommendation is suitable for the customer.

### **Trading Halts**

MIAX PEARL will halt trading in the Shares of a security in accordance with MIAX PEARL Rules. The grounds for a halt under MIAX PEARL Rules include a halt by the primary market because the intraday indicative value of the security and/or the value of its underlying index are not being disseminated as required, or a halt for other regulatory reasons. In addition, MIAX PEARL will stop trading the Shares of a security if the primary market de-lists the security.

### **Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations**

The Securities and Exchange Commission (the “SEC”) has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO- ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

### **Regulation M Exemptions**

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund’s securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

### **Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)**

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;

- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and
- 3) Except for the identity, number, and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

#### **Rule 10b-17 (Untimely Announcement of Record Dates)**

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

#### **Section 11(d)(1); Rule 11d1-2 (Customer Margin)**

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

#### **Rule 14e-5**

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchase; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

#### **SEC Rule 15c1-5 and 15c1-6 (Disclosure of Control and interest in Distributions)**

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security.

In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.
