#### 1. <u>Text of the Proposed Rule Change</u>

(a) MIAX Emerald, LLC ("MIAX Emerald" or the "Exchange"), pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> proposes to amend the MIAX Emerald Fee Schedule (the "Fee Schedule") to establish a policy relating to billing errors.

A notice of the proposed rule change for publication in the <u>Federal Register</u> is attached hereto as <u>Exhibit 1</u>, and a copy of the applicable section of the Fee Schedule is attached hereto as <u>Exhibit 5</u>.

(b) Not applicable.

(c) Not applicable.

### 2. <u>Procedures of the Self-Regulatory Organization</u>

The proposed rule change was approved by the Chief Executive Officer of the Exchange or his designee pursuant to authority delegated by the MIAX Emerald Board of Directors on January 28, 2021. Exchange staff will advise the Board of Directors of any action taken pursuant to delegated authority. No other action by the Exchange is necessary for the filing of the proposed rule changes.

Questions and comments on the proposed rule change may be directed to Gregory P. Ziegler, Vice President and Senior Counsel, at 609-897-1483.

## 3. <u>Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis</u> <u>for, the Proposed Rule Change</u>

a. <u>Purpose</u>

<sup>&</sup>lt;sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>&</sup>lt;sup>2</sup> 17 CFR 240.19b-4.

The purpose of the proposed rule change is to amend MIAX Emerald's Fee Schedule to establish a policy relating to billing errors. More specifically, the Exchange proposes to amend the footer on the Title page of its Fee Schedule to adopt language that would provide that all fees and rebates assessed prior to the three full calendar months before the month in which the Exchange becomes aware of a billing error shall be considered final. Particularly, the Exchange will resolve an error by crediting or debiting Members<sup>3</sup> and non-Members based on the fees or rebates that should have been applied in the three full calendar months preceding the month in which the exchange became aware of the error, which includes all impacted transactions that occurred during those months.<sup>4</sup> The Exchange will apply the three month look back regardless of whether the error was discovered by the Exchange or by a Member or non-Member that submitted a fee dispute to the Exchange.<sup>5</sup>

The purpose of the proposed change is to encourage Members and non-Members to promptly review their Exchange invoices so that any disputed charges can be addressed in a timely manner. The Exchange notes that it provides Members with both daily and monthly fee reports and thus believes they should be aware of any potential billing errors within three

<sup>&</sup>lt;sup>3</sup> The term "Member" means an individual or organization approved to exercise the trading rights associated with a Trading Permit. Members are deemed "members" under the Exchange Act. <u>See</u> Exchange Rule 100.

<sup>&</sup>lt;sup>4</sup> For example, if the Exchange becomes aware of a transaction fee billing error on December 1, 2021, the Exchange will resolve the error by crediting or debiting Members and non-Members based on the fees or rebates that should have been applied to any impacted transactions during September, October and November 2021. The Exchange notes that because it bills in arrears, the Exchange would be able to correct the error in advance of issuing the December 2021 invoice and therefore, transactions impacted through the date of discovery (in this example, December 1, 2021) and thereafter, would be billed correctly.

<sup>&</sup>lt;sup>5</sup> The Exchange notes that the current policy which states that all fee disputes must be submitted no later than sixty (60) days after receipt of a billing invoice will remain in place.

months. Further, any fees assessed on non-Members are sent as monthly invoices, and thus these firms will likewise receive sufficient notice of any potential billing errors. The requirement that Members and non-Members submit disputes in writing and provide supporting documentation in a timely manner while the information and data underlying those charges (e.g., applicable fees and order information) is still easily and readily available is not changing under this proposal.

The proposed rule change to provide all fees and rebates assessed prior to the three full calendar months before the month in which the Exchange becomes aware of a billing error shall be considered final provides both the Exchange and Members and non-Members finality and the ability to close their books after a known period of time. The proposed change encourages Members and non-Members to provide a timely review of their billing invoices.

The Exchange notes that it routinely conducts audits of its Members and non-Members to ensure that each is complying with the terms and conditions of the subscriber agreement they have signed. The audit process is independent of the billing process. The audit function is administered by the Exchange's Member Services Group and the billing function is administered by the Exchange's Trading Operations Group. Each group is charged with distinct responsibilities that do not overlap. The proposed billing fee finality provision is not intended to circumvent the audit process in any manner and the adoption of the three month look back period, beyond which billing errors would be considered final, would not affect a Member or non-Member's ability to take a position with respect to billing charges identified through the audit process. Further, the Exchange notes that the proposed change is similar to a policy currently in place at another exchange.<sup>6</sup>

#### b. <u>Statutory Basis</u>

The Exchange believes that its proposal to amend its Fee Schedule is consistent with Section 6(b) of the Act.<sup>7</sup> Specifically, the Exchange believes the proposed rule change is consistent with Section 6(b)(5)<sup>8</sup> requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>9</sup> requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange believes that establishing a policy that all fees and rebates are final after three months (i.e., resolving billing errors only for the three full calendar months preceding the month in which the Exchange became aware of the error), is reasonable as both the Exchange and Members and non-Members have an interest in knowing when its fee assessments are final and when reliance can be placed upon those assessments. Indeed, without some deadline on

<sup>9</sup> <u>Id.</u>

<sup>&</sup>lt;sup>6</sup> <u>See</u> Securities Exchange Act Release No. 91836 (May 11, 2021), 86 FR 26765 (May 17, 2021) (SR-BOX-2021-08).

<sup>&</sup>lt;sup>7</sup> 15 U.S.C. 78f(b).

<sup>&</sup>lt;sup>8</sup> 15 U.S.C. 78f(b)(5).

billing errors, the Exchange and Members and non-Members would never be able to close their books with any confidence. Furthermore, as noted above, another exchange similarly considers its fees final after a similar period of time. The proposed change is also equitable, and not unfairly discriminatory because it will apply equally to all Members (and non-Members that pay Exchange fees) and apply in cases where either the Member (or non-Member) discovers the error or the Exchange discovers the error.

#### 4. <u>Self-Regulatory Organization's Statement on Burden on Competition</u>

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change would establish a policy that provides clarity regarding billing errors that would apply equally to all Members. Additionally, the proposed rule change is similar to the rules of another exchange.<sup>10</sup> The Exchange does not believe such proposed changes would impair the ability of Members or competing order execution venues to maintain their competitive standing in the financial markets. Moreover, because the proposed changes would apply equally to all Members, the proposal does not impose any burden on competition.

#### 5. <u>Self-Regulatory Organization's Statement on Comments on the Proposed Rule</u> <u>Change Received from Members, Participants, or Others</u>

No written comments were either solicited or received.

#### 6. <u>Extension of Time Period for Commission Action</u>

Not applicable.

## 7. <u>Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated</u> <u>Effectiveness Pursuant to Section 19(b)(2)</u>

<sup>&</sup>lt;sup>10</sup> Supra note 6.

Page 8 of 20

Pursuant to Section 19(b)(3)(A) of the Act<sup>11</sup> and Rule 19b-4(f)(6)<sup>12</sup> thereunder, the Exchange has designated this proposal as one that effects a change that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

First, the Exchange notes it does not believe that its proposal raises any new or novel issues that have not been previously considered by the Commission in connection with billing policies of another exchange, as it's comparable to other policies and practices at another exchange.<sup>13</sup> The Exchange believes that the proposed rule change will not significantly affect the protection of investors or the public interest because it aligns with practices that are already in place at another exchange and enables market participants to close their books with confidence.

The proposed rule change will also benefit investors and the public interest by creating a clear policy regarding the finality of billing errors. The Exchange also believes that the proposed rule change will not impose any significant burden on competition. The proposed change would establish a clear policy regarding the finality of billing errors, which is substantially similar to the rules of at least one other exchange.<sup>14</sup> Moreover, because the proposed change would not apply differently to distinct types or sizes of market participants, the Exchange does not believe

<sup>&</sup>lt;sup>11</sup> 15 U.S.C. 78s(b)(3)(A).

<sup>&</sup>lt;sup>12</sup> 17 CFR 240.19b-4(f)(6).

<sup>&</sup>lt;sup>13</sup> <u>Supra</u> note 6.

<sup>14</sup> <u>Id</u>.

such proposed changes will impair the ability of Members or competing order execution venues to maintain their competitive standing in the financial markets.

For the foregoing reason, this rule qualifies for immediate effectiveness as a "noncontroversial" rule change under Section 19(b)(3)(A) of the Act<sup>15</sup> and paragraph (f)(6) of Rule 19b-4 thereunder.<sup>16</sup>

Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement. Furthermore, a proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act<sup>17</sup> normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)<sup>18</sup> permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest.

The Exchange respectfully requests that the Commission waive the 30-day operative delay period for "non-controversial" proposals pursuant to Section 19(b)(3)(A) of the Act<sup>19</sup> and paragraph (f)(6) of Rule 19b-4 thereunder<sup>20</sup> and make the proposed rule change effective and operative upon filing. Waiver of this requirement, specified in Rule 19b-4(f)(6),<sup>21</sup> is consistent with the protection of investors and the public interest because waiver of the operative delay

would allow Members and non-Members to immediately benefit from having a clearly stated policy regarding fee finality for billing disputes and provide certainty and finality to current and prospective billing errors. Moreover, as noted above, the proposal does not raise any new or novel issues that have not already been considered by the Commission. Particularly, the proposed rule change is comparable to other policies and practices that are already established at another exchange.<sup>22</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

Particularly, the Exchange will resolve an error by crediting or debiting Members<sup>3</sup> and non-Members based on the fees or rebates that should have been applied in the three full calendar months preceding the month in which the exchange becomes aware of the error, which includes all impacted transactions that occurred during those months.<sup>4</sup> The Exchange will apply the three month look back regardless

<sup>&</sup>lt;sup>3</sup> The term "Member" means an individual or organization approved to exercise the trading rights associated with a Trading Permit. Members are deemed "members" under the Exchange Act. <u>See</u> Exchange Rule 100.

<sup>&</sup>lt;sup>4</sup> For example, if the Exchange becomes aware of a transaction fee billing error on December 1, 2021, the Exchange will resolve the error by crediting or debiting Members and non-Members based on the fees or rebates that should have been applied to any impacted transactions during September, October and November 2021. The Exchange notes that because it bills in arrears, the Exchange would be able to correct the error in advance of issuing the December 2021 invoice and therefore, transactions impacted through the date of discovery (in this example, December 1, 2021) and thereafter, would be billed correctly.

of whether the error was discovered by the Exchange or by a Member or non-Member that submitted a fee dispute to the Exchange.<sup>5</sup>

The purpose of the proposed change is to encourage Members and non-Members to promptly review their Exchange invoices so that any disputed charges can be addressed in a timely manner. The Exchange notes that it provides Members with both daily and monthly fee reports and thus believes they should be aware of any potential billing errors within three months. Further, any fees assessed on non-Members are sent as monthly invoices, and thus these firms will likewise receive sufficient notice of any potential billing errors. The requirement that Members and non-Members submit disputes in writing and provide supporting documentation in a timely manner while the information and data underlying those charges (e.g., applicable fees and order information) is still easily and readily available is not changing under this proposal.

The proposed rule change to provide all fees and rebates assessed prior to the three full calendar months before the month in which the Exchange becomes aware of a billing error shall be considered final provides both the Exchange and Members and non-Members finality and the ability to close their books after a known period of time. The proposed change encourages Members and non-Members to provide a timely review of their billing invoices.

The Exchange notes that it routinely conducts audits of its Members and non-Members to ensure that each is complying with the terms and conditions of the subscriber agreement they have signed. The audit process is independent of the billing process. The audit function is administered by the Exchange's Member Services Group and the billing function is administered by the Exchange's Trading Operations Group. Each group is charged with distinct

<sup>&</sup>lt;sup>5</sup> The Exchange notes that the current policy which states that all fee disputes must be submitted no later than sixty (60) days after receipt of a billing invoice will remain in place.

responsibilities that do not overlap. The proposed billing fee finality provision is not intended to circumvent the audit process in any manner and the adoption of the three month look back period, beyond which billing errors would be considered final, would not affect a Member or non-Member's ability to take a position with respect to billing charges identified through the audit process.

Further, the Exchange notes that the proposed change is similar to a policy currently in place at another exchange.<sup>6</sup>

#### 2. <u>Statutory Basis</u>

The Exchange believes that its proposal to amend its Fee Schedule is consistent with Section 6(b) of the Act.<sup>7</sup> Specifically, the Exchange believes the proposed rule change is consistent with Section 6(b)(5)<sup>8</sup> requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>9</sup> requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange believes that establishing a policy that all fees and rebates are final after three months (i.e., resolving billing errors only for the three full calendar months preceding the month in which the Exchange became aware of the error), is reasonable as both the Exchange and Members and non-Members have an interest in knowing when its fee assessments are final and when reliance can be placed upon those assessments. Indeed, without some deadline on billing errors, the Exchange and Members and non-Members would never be able to close their books with any confidence. Furthermore, as noted above, another exchange similarly considers its fees final after a similar period of time. The proposed change is also equitable, and not unfairly discriminatory because it will apply equally to all Members (and non-Members that pay Exchange fees) and apply in cases where either the Member (or non-Member) discovers the error or the Exchange discovers the error.

#### B. <u>Self-Regulatory Organization's Statement on Burden on Competition</u>

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change would establish a policy that provides clarity regarding billing errors that would apply equally to all Members. Additionally, the proposed rule change is similar to the rules of another exchange.<sup>10</sup> The Exchange does not believe such proposed changes would impair the ability of Members or competing order execution venues to maintain their competitive standing in the financial markets. Moreover, because the proposed changes would apply equally to all Members, the proposal does not impose any burden on competition.
