1. Text of the Proposed Rule Change

(a) MIAX PEARL, LLC (“MIAX PEARL” or “Exchange”), pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² proposes to amend the MIAX PEARL Fee Schedule (the “Fee Schedule”).

The Exchange initially filed the proposal on February 28, 2018 (SR-PEARL-2018-06). That filing was withdrawn and replaced with the current filing (SR-PEARL-2018-09).

A notice of the proposed rule change for publication in the Federal Register is attached hereto as Exhibit 1, and a copy of the applicable section of the MIAX PEARL Fee Schedule is attached hereto as Exhibit 5.

(b) Not applicable.

(c) Not applicable.

2. Procedures of the Self-Regulatory Organization

The proposed rule change was approved by senior management of the Exchange pursuant to authority delegated by the MIAX PEARL Board of Directors on December 7, 2017.

Exchange staff will advise the Board of Directors of any action taken pursuant to delegated authority. No other action by the Exchange is necessary for the filing of the proposed rule change.

Questions and comments on the proposed rule change may be directed to Joseph W. Ferraro, Senior Vice President and Deputy General Counsel, at 609-897-8492.

3. **Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

a. Purpose

The Exchange proposes to amend the Add/Remove Tiered Rebates/Fees set forth in Section 1)a) of the Fee Schedule to decrease the “Taker” fees in Tiers 4, 5 and 6 assessable to all orders submitted by a Market Maker³ for options in Penny classes (as defined below).

The Exchange currently assesses tiered transaction rebates and fees to all market participants which are based upon the total monthly volume executed by the Member⁴ on MIAX PEARL in the relevant, respective origin type (not including Excluded Contracts⁵) expressed as a percentage of TCV.⁶ In addition, the per contract transaction rebates and fees are applied

³ “Market Maker” means a Member registered with the Exchange for the purpose of making markets in options contracts traded on the Exchange and that is vested with the rights and responsibilities specified in Chapter VI of Exchange Rules. See the Definitions Section of the Fee Schedule and Exchange Rule 100.

⁴ “Member” means an individual or organization that is registered with the Exchange pursuant to Chapter II of the Exchange Rules for purposes of trading on the Exchange as an “Electronic Exchange Member” or “Market Maker.” Members are deemed “members” under the Exchange Act. See the Definitions Section of the Fee Schedule and Exchange Rule 100.

⁵ “Excluded Contracts” means any contracts routed to an away market for execution. See the Definitions Section of the Fee Schedule.

⁶ “TCV” means total consolidated volume calculated as the total national volume in those classes listed on MIAX PEARL for the month for which the fees apply, excluding consolidated volume executed during the period time in which the Exchange experiences an “Exchange System Disruption” (solely in the option classes of the affected Matching Engine (as defined below)). The term Exchange System Disruption, which is defined in the Definitions section of the Fee Schedule, means an outage of a Matching Engine or collective Matching Engines for a period of two consecutive hours or more, during trading hours. The term Matching Engine, which is also defined in the Definitions section of the Fee Schedule, is a part of the MIAX PEARL electronic system that processes options orders and trades on a symbol-by-symbol basis. Some Matching Engines will process option classes with multiple root symbols, and other Matching Engines may be dedicated to one single option root symbol (for example, options on SPY may be processed by one single Matching Engine that is dedicated only to SPY). A particular root symbol may only be assigned to a single designated Matching Engine. A

retroactively to all eligible volume for that origin type once the respective threshold tier (“Tier”) has been reached by the Member. The Exchange aggregates the volume of Members and their Affiliates.⁷ Members that place resting liquidity, i.e., orders resting on the book of the MIAX PEARL System,⁸ are paid the specified “maker” rebate (each a “Maker”), and Members that execute against resting liquidity are assessed the specified “taker” fee (each a “Taker”). For opening transactions and ABBO uncrossing transactions, per contract transaction rebates and fees are waived for all market participants. Finally, Members are generally assessed lower transaction fees and receive lower rebates for order executions in standard option classes in the Penny Pilot Program⁹ (“Penny classes”) than for order executions in standard option classes which are not in the Penny Pilot Program (“Non-Penny classes”), where Members are assessed higher transaction fees and receive higher rebates.

Transaction rebates and fees applicable to orders submitted by a Market Maker are currently assessed according to the following table:

particular root symbol may not be assigned to multiple Matching Engines. The Exchange notes that the term “Exchange System Disruption” and its meaning have no applicability outside of the Fee Schedule, as it is used solely for purposes of calculating volume for the threshold tiers in the Fee Schedule. See the Definitions Section of the Fee Schedule.

⁷ “Affiliate” means (i) an affiliate of a Member of at least 75% common ownership between the firms as reflected on each firm’s Form BD, Schedule A, or (ii) the Appointed Market Maker of an Appointed EEM (or, conversely, the Appointed EEM of an Appointed Market Maker). An “Appointed Market Maker” is a MIAX PEARL Market Maker (who does not otherwise have a corporate affiliation based upon common ownership with an EEM) that has been appointed by an EEM and an “Appointed EEM” is an EEM (who does not otherwise have a corporate affiliation based upon common ownership with a MIAX PEARL Market Maker) that has been appointed by a MIAX PEARL Market Maker, pursuant to the process described in the Fee Schedule. See the Definitions Section of the Fee Schedule.

⁸ The term “System” means the automated trading system used by the Exchange for the trading of securities. See Exchange Rule 100.

	6	Above 1.00%	(\$0.48)	\$0.47	(\$0.85)	\$1.02

The Exchange proposes to decrease the Taker fees for Market Maker orders for options in Penny classes in Tiers 4, 5 and 6 from \$0.47 to \$0.43. The purpose of decreasing the Taker fees for Market Maker orders for options in Penny classes to \$0.43 in those Tiers is for business and competitive reasons to encourage Market Makers to execute greater volume on the Exchange, by offering lower rates in the higher Tiers. The Exchange believes that reducing the Taker fees for Market Maker orders for options in Penny classes to \$0.43 per contract fee in those Tiers will incentivize Market Makers to execute more volume on the Exchange due to favorable pricing for this liquidity type in the higher Tiers. There are no other changes proposed to the fee table.

b. Statutory Basis

The Exchange believes that its proposal to amend its Fee Schedule is consistent with Section 6(b) of the Act¹⁰ in general, and furthers the objectives of Section 6(b)(4) of the Act,¹¹ in that it is an equitable allocation of reasonable dues, fees and other charges among Exchange members and issuers and other persons using its facilities, and 6(b)(5) of the Act,¹² in that it is

¹⁰ 15 U.S.C. 78f(b).

¹² 15 U.S.C. 78f(b)(1) and (b)(5).

designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest.

The proposed Taker fee decreases in Penny classes applicable to orders submitted by a Market Maker are reasonable, equitable and not unfairly discriminatory because all Market Maker orders are subject to the same Taker fees and access to the Exchange is offered on terms that are not unfairly discriminatory. The Exchange initially set its Taker fees at the various volume levels based upon business determinations and an analysis of current Taker fees and volume levels at other exchanges. For competitive and business reasons, the Exchange believes that lower Taker fees assessable to Market Maker transactions in Penny classes in Tiers 4, 5 and 6 will encourage Market Makers to execute more volume in Penny classes in order to achieve the higher Tiers since they will be assessed reduced fees in Tiers 4, 5 and 6 for orders in options in Penny classes which remove liquidity. The Exchange believes for these reasons that offering the reduced Taker fees for Market Maker transactions in Penny classes in Tiers 4, 5 and 6 is equitable, reasonable and not unfairly discriminatory, and thus consistent with the Act.

The Exchange believes that its proposal to reduce Taker fees assessable to transactions in options in Penny classes and not to reduce Taker fees for transactions in options in Non-Penny classes is consistent with other options markets that also assess different transaction fees for options in Non-Penny classes as compared to Penny classes. The Exchange believes that establishing different pricing for options in Non-Penny classes and Penny classes is reasonable, equitable, and not unfairly discriminatory because options in Penny classes are generally more

liquid as compared to Non-Penny classes. Additionally, other competing options exchanges differentiate pricing in a similar manner today.¹³

Further, the Exchange believes that it is equitable and not unfairly discriminatory to assess lower fees to Market Maker orders than to orders submitted by all other market participants who are not Priority Customers. Market Makers are assessed lower transaction fees as compared to Non-MIAX Market Makers, Non-Member Broker-Dealers, and Firms because they have market-making obligations and regulatory requirements, which normally do not apply to those market participants that are not Market Makers.¹⁴ Market Makers additionally have obligations to make continuous markets, engage in a course of dealings reasonably calculated to contribute to the maintenance of a fair and orderly market, and not make bids or offers or enter into transactions that are inconsistent with a course of dealings.

Furthermore, the proposed decrease to the Taker fees in Penny classes for Market Makers in Tiers 4, 5 and 6 promotes just and equitable principles of trade, fosters cooperation and coordination with persons engaged in facilitating transactions in securities, and protects investors and the public interest because the proposed decrease in the fees will encourage Market Makers to send more orders to the Exchange since they will be assessed a reduced Taker fee in Tiers 4, 5 and 6. To the extent that Market Maker order flow in Penny classes is increased by the proposal, market participants will increasingly compete for the opportunity to trade on the Exchange, including sending more orders which will have the potential to be assessed lower fees and higher

rebates. The resulting increased volume and liquidity will benefit all Exchange participants by providing more trading opportunities and tighter spreads.

4. Self-Regulatory Organization's Statement on Burden on Competition

MIAX PEARL does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed Taker fee decreases are intended to encourage executing more volume on the Exchange. The decrease in the Taker fee for Market Makers should enable the Exchange to attract and compete for order flow with other exchanges which assess higher Taker fees thereby adding liquidity. The Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive. In such an environment, the Exchange must continually adjust its rebates and fees to remain competitive with other exchanges and to attract order flow. The Exchange believes that the proposed rule change reflects this competitive environment because it modifies the Exchange's fees in a manner that encourages market participants to send order flow to the Exchange.

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34- ; File No. SR-PEARL-2018-09

March __, 2018

Self-Regulatory Organizations: Notice of Filing and Immediate Effectiveness of a Proposed Rule Change by MIAX PEARL, LLC to Amend the MIAX PEARL Fee Schedule

Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on March 8, 2018, MIAX PEARL, LLC (“MIAX PEARL” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) a proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposal to amend the MIAX PEARL Fee Schedule (the “Fee Schedule”). The Exchange initially filed the proposal on February 28, 2018 (SR-PEARL-2018-06). That filing was withdrawn and replaced with the current filing (SR-PEARL-2018-09).

The text of the proposed rule change is available on the Exchange’s website at <http://www.miaxoptions.com/rule-filings/pearl> at MIAX PEARL’s principal office, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Add/Remove Tiered Rebates/Fees set forth in Section 1)a) of the Fee Schedule to decrease the “Taker” fees in Tiers 4, 5 and 6 assessable to all orders submitted by a Market Maker³ for options in Penny classes (as defined below).

The Exchange currently assesses tiered transaction rebates and fees to all market participants which are based upon the total monthly volume executed by the Member⁴ on MIAX PEARL in the relevant, respective origin type (not including Excluded Contracts⁵) expressed as a percentage of TCV.⁶ In addition, the per contract transaction rebates and fees are applied

³ “Market Maker” means a Member registered with the Exchange for the purpose of making markets in options contracts traded on the Exchange and that is vested with the rights and responsibilities specified in Chapter VI of Exchange Rules. See the Definitions Section of the Fee Schedule and Exchange Rule 100.

⁴ “Member” means an individual or organization that is registered with the Exchange pursuant to Chapter II of the Exchange Rules for purposes of trading on the Exchange as an “Electronic Exchange Member” or “Market Maker.” Members are deemed “members” under the Exchange Act. See the Definitions Section of the Fee Schedule and Exchange Rule 100.

⁵ “Excluded Contracts” means any contracts routed to an away market for execution. See the Definitions Section of the Fee Schedule.

⁶ “TCV” means total consolidated volume calculated as the total national volume in those classes listed on MIAX PEARL for the month for which the fees apply, excluding consolidated volume executed during the period time in which the Exchange experiences an “Exchange System Disruption” (solely in the option classes of the affected Matching Engine (as defined below)). The term Exchange System Disruption, which is defined in

retroactively to all eligible volume for that origin type once the respective threshold tier (“Tier”) has been reached by the Member. The Exchange aggregates the volume of Members and their Affiliates.⁷ Members that place resting liquidity, i.e., orders resting on the book of the MIAX PEARL System,⁸ are paid the specified “maker” rebate (each a “Maker”), and Members that execute against resting liquidity are assessed the specified “taker” fee (each a “Taker”). For opening transactions and ABBO uncrossing transactions, per contract transaction rebates and fees are waived for all market participants. Finally, Members are generally assessed lower transaction fees and receive lower rebates for order executions in standard option classes in the Penny Pilot Program⁹ (“Penny classes”) than for order executions in standard option classes

the Definitions section of the Fee Schedule, means an outage of a Matching Engine or collective Matching Engines for a period of two consecutive hours or more, during trading hours. The term Matching Engine, which is also defined in the Definitions section of the Fee Schedule, is a part of the MIAX PEARL electronic system that processes options orders and trades on a symbol-by-symbol basis. Some Matching Engines will process option classes with multiple root symbols, and other Matching Engines may be dedicated to one single option root symbol (for example, options on SPY may be processed by one single Matching Engine that is dedicated only to SPY). A particular root symbol may only be assigned to a single designated Matching Engine. A particular root symbol may not be assigned to multiple Matching Engines. The Exchange notes that the term “Exchange System Disruption” and its meaning have no applicability outside of the Fee Schedule, as it is used solely for purposes of calculating volume for the threshold tiers in the Fee Schedule. See the Definitions Section of the Fee Schedule.

⁷ “Affiliate” means (i) an affiliate of a Member of at least 75% common ownership between the firms as reflected on each firm’s Form BD, Schedule A, or (ii) the Appointed Market Maker of an Appointed EEM (or, conversely, the Appointed EEM of an Appointed Market Maker). An “Appointed Market Maker” is a MIAX PEARL Market Maker (who does not otherwise have a corporate affiliation based upon common ownership with an EEM) that has been appointed by an EEM and an “Appointed EEM” is an EEM (who does not otherwise have a corporate affiliation based upon common ownership with a MIAX PEARL Market Maker) that has been appointed by a MIAX PEARL Market Maker, pursuant to the process described in the Fee Schedule. See the Definitions Section of the Fee Schedule.

⁸ The term “System” means the automated trading system used by the Exchange for the trading of securities. See Exchange Rule 100.

⁹ See Securities Exchange Act Release No. 79778 (January 12, 2017), 82 FR 6662 (January 19, 2017)(SR-PEARL-2016-01).

which are not in the Penny Pilot Program (“Non-Penny classes”), where Members are assessed higher transaction fees and receive higher rebates.

Transaction rebates and fees applicable to orders submitted by a Market Maker are currently assessed according to the following table:

			Per Contract Rebates/Fees for Penny Classes		Per Contract Rebates/Fees for Non-Penny Classes	
Origin	Tier	Volume Criteria	Maker	Taker	Maker	Taker
All MIAX PEARL Market Makers	1	0.00% - 0.05%	(\$0.25)	\$0.50	(\$0.30)	\$1.05
	2	Above 0.05% - 0.25%	(\$0.40)	\$0.50	(\$0.30)	\$1.05
	3	Above 0.25% - 0.50%	(\$0.40)	\$0.48	(\$0.60)	\$1.03
	4	Above 0.50% - 0.75% or Above 2.0% in SPY	(\$0.47)	\$0.47	(\$0.65)	\$1.02
	5	Above 0.75% - 1.00%	(\$0.48)	\$0.47	(\$0.70)	\$1.02
	6	Above 1.00%	(\$0.48)	\$0.47	(\$0.85)	\$1.02

The Exchange proposes to decrease the Taker fees for Market Maker orders for options in Penny classes in Tiers 4, 5 and 6 from \$0.47 to \$0.43. The purpose of decreasing the Taker fees for Market Maker orders for options in Penny classes to \$0.43 in those Tiers is for business and competitive reasons to encourage Market Makers to execute greater volume on the Exchange, by offering lower rates in the higher Tiers. The Exchange believes that reducing the Taker fees for Market Maker orders for options in Penny classes to \$0.43 per contract fee in those Tiers will incentivize Market Makers to execute more volume on the Exchange due to favorable pricing for this liquidity type in the higher Tiers. There are no other changes proposed to the fee table.

2. Statutory Basis

The Exchange believes that its proposal to amend its Fee Schedule is consistent with Section 6(b) of the Act¹⁰ in general, and furthers the objectives of Section 6(b)(4) of the Act,¹¹ in

¹⁰ 15 U.S.C. 78f(b).

that it is an equitable allocation of reasonable dues, fees and other charges among Exchange members and issuers and other persons using its facilities, and 6(b)(5) of the Act,¹² in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest.

The proposed Taker fee decreases in Penny classes applicable to orders submitted by a Market Maker are reasonable, equitable and not unfairly discriminatory because all Market Maker orders are subject to the same Taker fees and access to the Exchange is offered on terms that are not unfairly discriminatory. The Exchange initially set its Taker fees at the various volume levels based upon business determinations and an analysis of current Taker fees and volume levels at other exchanges. The Exchange believes for these reasons that offering the reduced Taker fees for Market Maker transactions in Penny classes in Tiers 4, 5 and 6 is equitable, reasonable and not unfairly discriminatory, and thus consistent with the Act.

The Exchange believes that its proposal to reduce Taker fees assessable to transactions in options in Penny classes and not to reduce Taker fees for transactions in options in Non-Penny classes is consistent with other options markets that also assess different transaction fees for

options in Non-Penny classes as compared to Penny classes. The Exchange believes that establishing different pricing for options in Non-Penny classes and Penny classes is reasonable, equitable, and not unfairly discriminatory because options in Penny classes are generally more liquid as compared to Non-Penny classes. Additionally, other competing options exchanges differentiate pricing in a similar manner today.¹³

Further, the Exchange believes that it is equitable and not unfairly discriminatory to assess lower fees to Market Maker orders than to orders submitted by all other market participants who are not Priority Customers. Market Makers are assessed lower transaction fees as compared to Non-MIAX Market Makers, Non-Member Broker-Dealers, and Firms because they have market-making obligations and regulatory requirements, which normally do not apply to those market participants that are not Market Makers.¹⁴ Market Makers additionally have obligations to make continuous markets, engage in a course of dealings reasonably calculated to contribute to the maintenance of a fair and orderly market, and not make bids or offers or enter into transactions that are inconsistent with a course of dealings.

Furthermore, the proposed decrease to the Taker fees in Penny classes for Market Makers in Tiers 4, 5 and 6 promotes just and equitable principles of trade, fosters cooperation and coordination with persons engaged in facilitating transactions in securities, and protects investors and the public interest because the proposed decrease in the fees will encourage Market Makers to send more orders to the Exchange since they will be assessed a reduced Taker fee in Tiers 4, 5 and 6. To the extent that Market Maker order flow in Penny classes is increased by the proposal, market participants will increasingly compete for the opportunity to trade on the Exchange,

including sending more orders which will have the potential to be assessed lower fees and higher rebates. The resulting increased volume and liquidity will benefit all Exchange participants by providing more trading opportunities and tighter spreads.

B. Self-Regulatory Organization's Statement on Burden on Competition

MIAX PEARL does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed Taker fee decreases are intended to encourage executing more volume on the Exchange. The decrease in the Taker fee for Market Makers should enable the Exchange to attract and compete for order flow with other exchanges which assess higher Taker fees thereby adding liquidity. The Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive. In such an environment, the Exchange must continually adjust its rebates and fees to remain competitive with other exchanges and to attract order flow. The Exchange believes that the proposed rule change reflects this competitive environment because it modifies the Exchange's fees in a manner that encourages market participants to send order flow to the Exchange.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act,¹⁵ and Rule 19b-4(f)(2)¹⁶ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the

** Members may qualify for the Maker Rebate and the Taker Fee associated with the highest Tier for transactions in Non-Penny classes if the Member executes more than 0.30% volume in Non-Penny classes, not including Excluded Contracts, as compared to the TCV in all MIAX PEARL listed option classes. For purposes of qualifying for such rates, the Exchange will aggregate the volume transacted by Members and their Affiliates in the following Origin types in Non-Penny classes: MIAX PEARL Market Makers, and Non-Priority Customer, Firm, BD, and Non-MIAX PEARL Market Makers.

Except as otherwise set forth herein, the Volume Criteria is calculated based on the total monthly volume executed by the Member in all options classes on MIAX PEARL in the relevant Origin type, not including Excluded Contracts, (as the numerator) expressed as a percentage of (divided by) TCV (as the denominator). In Tier 3 for MIAX PEARL Market Makers, the alternative Volume Criteria (above 2.0% in SPY) is calculated based on the total monthly volume executed by the Market Maker solely in SPY options on MIAX PEARL in the relevant Origin type, not including Excluded Contracts, (as the numerator) expressed as a percentage of (divided by) SPY TCV (as the denominator). The per contract transaction rebates and fees shall be applied retroactively to all eligible volume once the threshold has been reached by Member. The Exchange aggregates the volume of Members and their Affiliates in the Add/Remove Tiered Fees. The per contract transaction rebates and fees shall be waived for transactions executed during the opening and for transactions that uncross the ABBO.

b) No change.
