II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Exchange Rule 100, Definitions; Exchange Rule 503, Openings on the Exchange; Exchange Rule 515, Execution of Orders; Exchange Rule 516, Order Types; and Exchange Rule 521, Nullification and Adjustment of Options Transactions Including Obvious Errors, to make non-substantive edits to update internal cross references in the Exchange’s rulebook.

The Exchange is an affiliate of the Miami International Securities Exchange, LLC (“MIAX”) and incorporates by reference a number of MIAX Exchange rules into its rulebook. MIAX Exchange recently amended Rule 1400, Definitions, found in Chapter XIV of the MIAX Exchange rules, which are its rules pertaining to the Options Order Protection and Locked and Crossed Market Plan.³ The MIAX Exchange adopted a definition for Complex Trade which, when inserted into its proper alphabetical position in MIAX Exchange Rule 1400, caused the subsequent following definitions to be renumbered (e.g., the existing subparagraph (d) became

new subparagraph (e); existing subparagraph (e) became new subparagraph (f), etc...). As a result of the change to the MIAX Exchange Rule 1400, a number of internal cross references contained in the Exchange's rulebook must be updated.

Specifically, the internal cross-reference to Eligible Exchanges in the definition of ABBO or Away Best Bid or Offer, in Exchange Rule 100, must be updated from Rule 1400(f) to Rule 1400(g). The internal cross-reference to Eligible Exchanges in Exchange Rule 503(a)(5) must be updated from Rule 1400(f) to Rule 1400(g). The internal cross-reference to the NBBO in Exchange Rule 515(a) must be updated from Rule 1400(j) to Rule 1400(k). The internal cross-reference to Intermarket Sweep Orders in Exchange Rule 516(f) must be updated from Rule 1400(h) to Rule 1400(i). Similarly in Rule 516(f) the internal cross-references to Protected Quotations and Eligible Exchanges must be updated from 1400(p) and (f) to 1400(q) and (g) respectively. Lastly, in Rule 516(f), the internal cross-reference to Protected Bid or Protected Offer must be updated from 1400(o) to 1400 (p). Finally, the internal cross-reference to the Options Order Protection and Locked/Crossed Market Plan in Exchange Rule 521(j) must be updated from Rule 1400(n) to Rule 1400(o).

The Exchange believes that these non-substantive changes will add clarity and precision to the Exchange's rules.

2. Statutory Basis

MIAX PEARL believes that its proposed rule change is consistent with Section 6(b) of the Act⁴ in general, and furthers the objectives of Section 6(b)(5) of the Act⁵ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and

equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in, securities, to remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest.

The Exchange believes that the proposed non-substantive rule changes to update internal cross-references within the Exchange's Rules promotes just and equitable principles of trade and removes impediments to and perfects the mechanism of a free and open market and a national market system and, in general, protects investors and the public interest by providing additional clarity and precision in the Exchange's rules. The Exchange believes it is in the public interest for rules to be accurate and precise so as to eliminate the potential for confusion.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

The Exchange does not believe that the proposed rule change will impose any burden on intermarket competition as the proposed change is non-substantive in nature. The non-substantive edits to update internal cross-references in the Exchange's rulebook provides precision and accuracy in the Exchange's rules.

The Exchange does not believe that the proposed rule change will impose any burden on intramarket competition as the non-substantive edits to update internal cross-references in the Exchange's rulebook provide additional detail and clarity in the Exchange's rules, which apply equally to all Exchange Members.⁶

⁶ The term "Member" means an individual or organization that is registered with the Exchange pursuant to Chapter II of the MIAX PEARL Rules for purposes of trading on

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act and subparagraph (f)(6) of Rule 19b-4 thereunder.

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act⁷ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)⁸ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the proposed rule change may become operative upon filing. Waiver of the operative delay would allow the Exchange to immediately harmonize its rules to MIAX Options to ensure that the internal cross-references in the Exchange’s rulebook are correct. Therefore, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission

the Exchange as an “Electronic Exchange Member” or “Market Maker.” Members are deemed “members” under the Exchange Act. See Exchange Rule 100.

hereby waives the operative delay and designates the proposed rule change operative upon filing.⁹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.
