

The newly developed MIAX Futures Onyx technology platforms (“Onyx”) is the electronic trading platform for MIAX Futures Exchange built on proprietary MIAX technology. This new technology will power multiple platforms to provide for the trading of agricultural and financial futures.

The below table contains the Vendor Symbols for products listed by MIAX Futures. Due to the migration from Globex on June 29, 2025, we have listed both platform symbols. Most vendors use the same symbols as MIAX Futures. However, some vendors may have their own unique symbols. Please reach out to MIAXFutures@miaxglobal.com with any questions.

Minneapolis Hard Red Spring Wheat Futures		
MIAX Futures Symbol: MWE		
Vendor	Globex Symbol	Onyx Symbol
